

## Junior Sea Scouts - *Spring 2020*

Now Newport Sea Base has an exciting, ongoing program (broken into semesters) for those boys and girls who long to be part of Sea Scouting but aren't old enough yet! Youth ages 11 - 13 will meet on four Saturdays (**2/15, 2/29, 3/14, 3/28**). With the guidance of current Sea Scouts, they will learn Sea Scouting skills and apply them on a variety of watercraft. (About half of each session will be in the classroom.) Starting with basic boating, Junior Sea Scouts learn the skills needed for a variety of sailing and boating activities. Over the course of 6 semesters, participants will experience sailing in dinghies and big boats, learn the basics of sailboat racing and big boat sailing, become proficient at a variety of useful sailing knots and learn the basics of navigation. They will also forge friendships that can last a lifetime.

**2/15-** *Info Night - In-depth program details, meet Sea Scouts and other families in the program.*
